ACADEMY TO PLAY POMFRET

Coach Eddie McKay takes his red and white warriers to Pemfret, this afterneon, there to engage the Pemfretians in a contest for the championship of anything they suggest.

Last year N. F. A. won from Pomfret breaking their winning streak which had lasted two whole seasons. The upstate boys were not a little put out by the defent, at the time and may even yet be a little zone. There is no doubt but that they will make every effort to wipe off the disgrace this afterneon.

Chicago, April 26.-Export buying on

a large scale turned the wheat market today from weakness to strength. The close, although unsetledt, was half to today from weakness to strength. The close, although unsetledt, was half to one cent higher with May \$1.26 1-2 to \$1.26 5-4 and July \$1.05 1-2 to \$1.95 3-4.

Corn finished at 1-4c net decline to 5-8 at 1-4 to 3-8c and provision 10 to 50 cents.

Estimates were current that wheat export business in the last 48 hours had totalled as high as 2,000,000 bushels. During the first half of the day, however, before the volume of the purchasing for Europe was well understood the builts were at a disadvantage. General selling in small lots took place, and moderate declines resulted with bears putting stress on talk of a big strike on the part stress on talk of a big strike on the part stress of the American scamen. New complications in the British coal strike tended also to weaken values. Subsequently much more notice was given to export dealings. As a result highest prices of the session were scored after mid-day, with profit taking at the last leading to something of a reaction.

Further export demand for corn helped to strengthen cereals and eats as well being about the updurn in provisions.
